Rockwell Part

Rockwell Part - AxleTech International is a premier provider in the world of specialty vehicle drive-train systems and parts together with off highway vehicles. The company prides itself on being its customers' preferred supplier. AxleTech strives to meet and exceed their customers' expectations for quality, service, technology and delivery. They believe in working in an environment that encourages the utmost integrity with empowered teamwork, along with a unremitting pursuit of results.

AxleTech International is a General Dynamics business. They believe strongly in actively using principals of ecological stewardship and safety in how they do business. The business has put various programs in place in order to articulate these values in their business policy. AxleTech gladly shares this policy and welcomes interested parties to provide them with whichever questions or comments, because they are glad to share and promote this policy with a greater knowledge of their efforts. They are really dedicated to preserving and improving the environment. AxleTech has an EHS program which not just protects the natural environment but which likewise actively protects their neighbors and workers as well.

AxleTech specializes in the designing and manufacture of planetary axles utilized for both military and commercial applications, that can include anything from airport ground support to construction equipment. They take great pride in being a ground-breaking drive-train solutions provider too. AxleTech particularly designs axles to meet certain application demands. They have over one thousand various axle specs in their existing offering. With over one hundred years of experience and history, AxleTech proudly supplies the most complete solution for any of your axle needs. The business is well known in various commercial and military applications. They offer complete axle assemblies used for aftermarket replacement requirements, together with servicing axle needs for OE production. Their high mobility ISAS have further details which can be found in the "ISAS" product collection.
